

# Duck Creek Rating

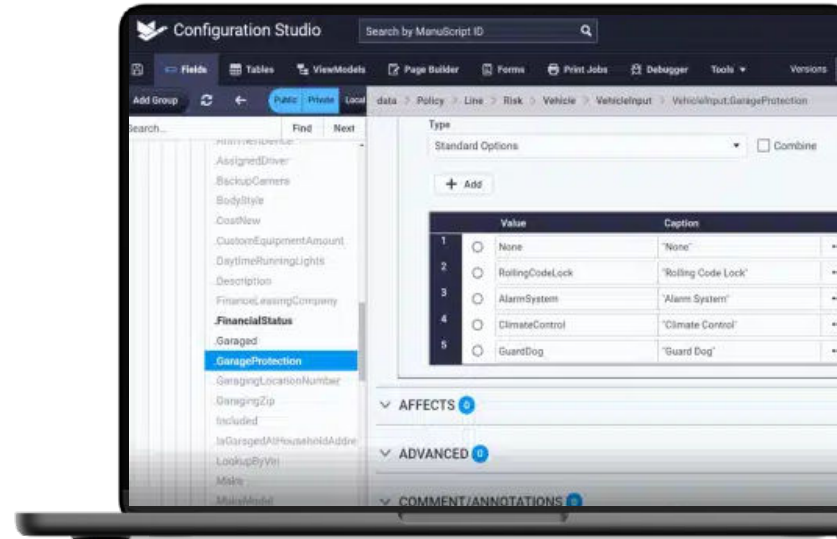

Accelerate Product Launches, Reduce Costs

Duck Creek  
Technologies

Staying competitive demands that P&C insurers be agile in both product development and rate adjustments. However outdated rating systems lack the flexibility required to quickly launch new products, update dynamic pricing, and maintain compliance.

A modern rating engine is not just a calculation tool; it is a strategic asset. Welcome to a future where Duck Creek Technologies revolutionizes your ability to respond to market demands and drive profitable growth.

## Your Path to Rating Agility

For decades, Duck Creek has been at the forefront of insurance technology, revolutionizing how P&C carriers manage their products and pricing. Duck Creek Rating, our rating software, transforms this critical process with its low-code, adaptable platform, fundamentally accelerating the creation and modification of insurance products.

Unlike fragmented solutions that merely scratch the surface, our integrated approach delivers a comprehensive toolkit for rates, rules, forms, UI, workflows, and underwriting both standalone and seamlessly with Duck Creek Policy. This deep well of industry expertise and unified control empowers carriers to streamline product design, ensuring rapid go-to-market and a sustained competitive advantage in a dynamic market.

## Accelerate Product Launches

Innovate and stay ahead of market demands, without the complexity of managing software and infrastructure internally.

### Simplify Product Lifecycles

Boost efficiency and reduce manual effort in product development and maintenance through standardized, low-code lifecycle support.

### Enhance Pricing Strategies

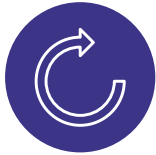

Make smarter decisions faster with "what-if" modeling to predict the impact of rate changes and underwriting adjustments, ensuring they align perfectly with your business goals.

## Key Features

Duck Creek Rating delivers powerful, configurable rating capabilities for P&C insurance—all as a service:

### Product Lifecycle Management

Streamline product design and maintenance with centralized tools.

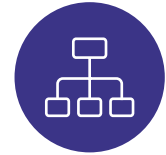

### Low-Code Product Definition Tools

Define rating, forms, rules, and workflows without coding.

### What-If Modeling

Evaluate rate change impacts before going live.

### Product Inheritance

Leverage existing product definitions to accelerate development.

## Drive Superior Outcomes with Data-Backed Decisions

# 50%

reduction in time required to implement rating changes.

# 30%

faster new product launches.

# Deployment in under 6 months

with built-in audit controls.

# Improved Governance

and compliance with built-in audit controls.

## Achieve Unrivaled Speed in Insurance Rating

Imagine developing and launching new insurance products in record time, dramatically boosting operational efficiency for accelerated growth. That's the reality with Duck Creek Rating. By minimizing the need for extensive IT involvement, your organization is free to pursue vital strategic initiatives with complete confidence in compliance and data accuracy.

The future of insurance rating is dynamic, efficient, and within your reach. Our **rating solution**, amplified by our extensive partner ecosystem, is designed to maximize your investment and accelerate your growth.
