

# Independent Medical Examination (IME) Services

ExamWorks is the largest independent medical examination (IME) services company in North America, Australia and the United Kingdom. Offering credentialed, multi-specialty physicians and allied professionals to evaluate automotive, disability, liability and workers' compensation claims.

ExamWorks has the largest medical panel, the most IME service centers to provide the local services and capabilities you require and the most robust IT platform to manage the claims review process.

ExamWorks' clients enjoy a proven combination of IME services. Our professionals engage the resources you need to verify the validity of claims. Our mutual goal is to facilitate medical cost containment while upholding the professional and fiscal integrity of healthcare services.

## Our Professionals

- Identify the appropriate multi-specialty physician to conduct the exam
- Schedule the appointment as required
- Send relevant notifications throughout the process
- Follow specific jurisdictional, geographical and regulatory guidelines
- Deliver a high quality IME report under rapid turnaround time requirements
- Supply supplementary physician support including depositions, court appearances and special reports

### Accredited, Audited and Compliant

ExamWorks has received Independent Medical Examination Accreditation from URAC, the industry's premier healthcare services quality oversight organization. Our integrity and processes are aligned with yours.

### Credentialed Expert Medical Panel

ExamWorks credentials physicians and allied professionals using primary source verification for board certifications, licenses and related medical credentials. We conduct the re-credentialing process every two years or upon expiration of a credential.

### Largest Secure Service Center Network

ExamWorks has the largest IME service center network connected by the most advanced Private Cloud Network in the industry. The network embodies the industry's most rigorous controls for the protection and security of customers' and claimants' confidential information.

### Streamlined Claims Management

ExamWorks IME\*Centric real-time claims management software makes referral and records submission, tracking and management effortless, protecting company and claimant data with state-of-the-art privacy controls.

## Comprehensive IME Service Portfolio

Let ExamWorks' service professionals assist you with all your independent medical review needs beyond the required physical examinations including peer review, bill review, Medicare compliance and case management services. Make your claims review process authoritative and comprehensive by accessing these easy-to-use services.
