MVP Advisory Group, LLC

As trusted advisors, MVP helps our clients transform their operations & technical environments.

MVP Advisory Group

MVP Advisory Group, LLC, founded in 2013, provides advisory, transformation and data services for insurance carriers that accelerate the development and implementation of business transformation initiatives. MVP helps insurers achieve goals and objectives that support:

- ✓ growth strategy
- ✓ operational excellence
- ✓ risk management initiatives

MVP's specialty is delivering solution sets for C-Suite advisory, operations and IT transformation for Property & Casualty and Life & Annuity carriers, agents/ brokers, and associated software and service vendors.

The MVP Difference

MVP partners, leaders and consultants have successfully served in senior management and executive roles for insurance, technology and consulting companies, including in positions such as CIO, CFO, President and SVP.

Our differentiators include:

- **Deep industry expertise.** MVP consultants have held leadership positions in claims, underwriting, data and IT.
- MVP consultants **average 20 years of experience** in insurance business and technology leadership.
- Our engagements result in sustainable solutions—not just projects—and **we remain with you on journey**, from initiation to successful completion.
- MVP perpetuates **business, IT and data strategy** for every engagement
- MVP's approach provides **clear plans of action** throughout all engagements.
