

INDUSTRY LEADING LOSS CONTROL SOFTWARE

Risk Control Technologies is the leading provider of Loss Control and Safety software to the insurance industry.

WHAT WE DO

RCT was built to help insurance companies **improve** their **loss control operations** and reduce risk in their business.

AUTOMATE ACTIVITIES

Automating and optimizing all your loss control activities

MAXIMIZE COVERAGE

Maximizing the quality and quantity of your client coverage

ACCELERATE ANALYTICS

Unifying and democratizing your loss control, and company-wide data

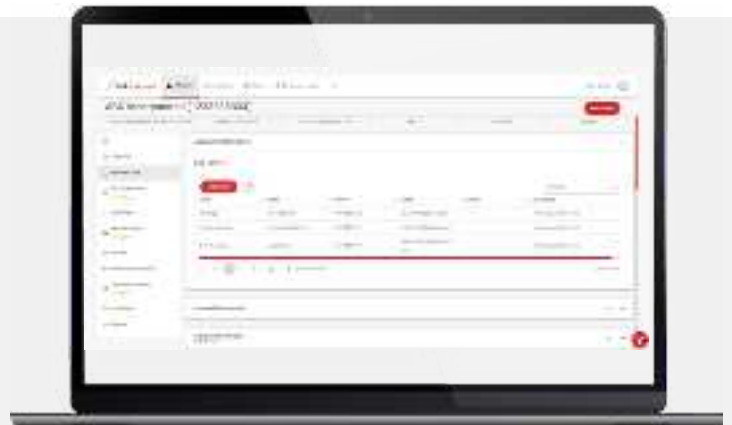

PREDICT & PREVENT

PLATFORM ECOSYSTEM

Deploy RCT's out of the box integrations and public APIs to connect Loss Control with broader ecosystems, elevating organizational value.

WORK MANAGEMENT

Automatically assign tasks & recommendations, manage service plans, schedule visits, map routes, work offline and consolidate all data in one easy-to-manage tool.

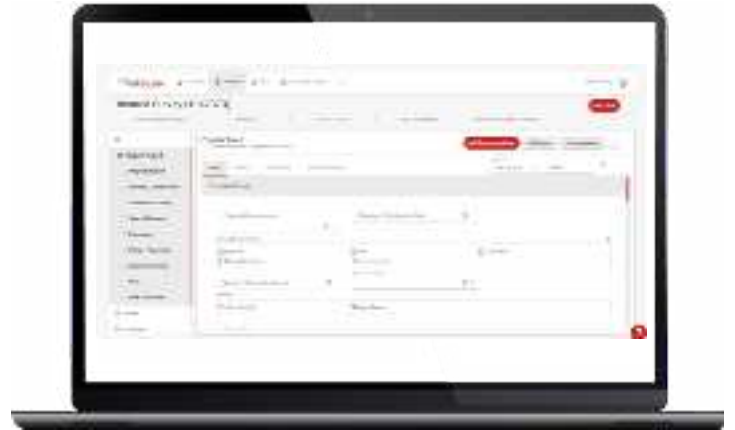

COMBINING CUTTING EDGE TECHNOLOGY AND INDUSTRY EXPERTISE

ACCOUNT SELECTION & TARGETING

Leverage a Predict and Prevent strategy through RCT's advanced automation engine, optimizing account selection and deploying the most appropriate service approach for each customer.

AUTOMATED REPORTS & LETTERS

Easily create and manage configurable reports and letters that automatically fill relevant account and survey information. Demonstrate value to customers through in-depth stewardship reports.

BUSINESS INTELLIGENCE & REPORTING

Conduct risk scoring, trend analysis, benchmark reporting and more. Build analytic reports and dashboards in RCT's native BI suite, or integrate with your internal tool of choice.

CUSTOMER ENGAGEMENT

Complement traditional visit optimization with RCT's Virtual and Direct Survey tools. Service 100% of your book of business and maximize risk mitigation.

CUSTOMER RESULTS

Saved **\$3.3 million** over first 4 years following implementation

Saved each consultant **400 hours** per year in administrative time

Fully implemented in under **8 weeks**

Experienced an **ROI of 230%**
Saved consultants average of **45 minutes** per service request

THE MOST ROBUST RISK CONTROL PLATFORM ON THE MARKET
